

## **BIDS AND AWARDS COMMITTEE**

Bid Bulletin No. 1

10 January 2022

### **PROCUREMENT OF SUPPLY AND DELIVERY OF TABLETS**

This Bid Bulletin No. 1 modifies respective portions of the Bidding Documents issued on 23 December 2021.

The changes to the Bidding Documents, as indicated in the succeeding pages, are being issued in compliance with Section 22.5 of the Revised 2016 Implementing Rules and Regulations of RA 9184. Under this section, the procuring entity is directed to issue an amendment at least seven (7) days before the deadline for submission of the bid.

Except as expressly amended by this Bid Bulletin, all other terms and conditions of the Bidding Documents issued on 23 December 2021 shall remain unchanged and shall remain in full force and effect in accordance with their terms.

For guidance and information of all concerned.

## PROCUREMENT OF SUPPLY AND DELIVERY OF TABLETS

### Question and Answers (as of 10 January 2022)

Query	Response
On the submission of Legal Documents, can bidder/s submit the expired Mayor's Permit since their application for renewal is still ongoing?	<p>The only requirement for the Legal Document is a valid PhilGEPS Certificate. Mayor's Permit, SEC/DTI Certificate and Tax Clearances shall be required and submitted during post-qualification activity.</p> <p>Nevertheless, should the bidder/s opt to submit their respective expired Mayor's Permit during the opening of bids, they may do so, provided that a proof of renewal application is attached together with said permit.</p>
For the battery, requesting if we can make it a non-removable manufacturer's standard battery since not all brands may have Li-Po in their spec sheets or official website.	The requirement for "Battery" is retained.
For the USB, requesting if we can make it in to the manufacturer's standard since this will depend on the offering of the bidder given that the requested model in the TOR is already EOL	The requirement for "USB" is retained.
For the Communication, requesting to rephrase A-GPS into GPS and BDS into Beidou since these are not also specified in the official website or spec sheets but somehow they are the equivalents.	The requirement for "Communication" is retained.
For the memory card slot, requesting to make it the manufacturer's standard instead of specifying SDXC as this is also not available on the official website or spec sheets.	The requirement for "Memory Card Slot" is retained.
