

**BIDS AND AWARDS COMMITTEE**

Bid Bulletin No. 1

27 July 2020

**PROCUREMENT OF PRE-REGISTRATION TABLET AND WEB-BASE SMS BROADCAST  
SERVICES FOR THE PHILSYS PROJECT**

This Bid Bulletin No. 1 modifies respective portions of the **Bidding Documents**, issued on 15 July 2020, as amended

The changes to the **Bidding Documents**, as indicated in the succeeding pages, are being issued in compliance with Section 22.5 of the Revised 2016 Implementing Rules and Regulations of RA 9184. Under this section, the procuring entity is directed to issue an amendment at least seven days before the deadline for submission of the bid.

Except as expressly amended by this Bid Bulletin, all other terms and conditions of the Bidding Documents issued on 15 July 2020, as amended, remain unchanged and shall remain in full force and effect in accordance with their terms.

For guidance and information of all concerned.

Amend Item 2 of **Technical Specifications of Lot 2**

From:  
2. Must be able to send at least 6M messages per month to all networks within the Philippines as part of the monthly service fee.  
  
To:  
2. Must be able to send around 6M messages per month to all networks within the Philippines as part of the monthly service fee.

Amend Item 13 of **Technical Specifications of Lot 2**

From:  
13. Able to send local and international SMS with 210 countries worldwide.  
  
To:  
13. Able to send local and international SMS with 210 countries worldwide. (Note: The charges of the SMS sent internationally will be charged on top of the monthly consumption.)

**SECTION III – BID DATA SHEET**

	<b>Reference</b>	<b>Amendment or Inclusion</b>
	Amend Section 5.4 for Lot 1	<p>From:</p> <p>For this purpose, similar contracts for Pre-Registration Tablet for PhilSys Project (Lot 1) shall pertain to supply, delivery of various ICT equipment (Desktop, Laptop, and Tablet</p> <p>To:</p> <p>For this purpose, similar contracts for Pre-Registration Tablet for PhilSys Project (Lot 1) shall pertain to supply, delivery of various ICT equipment (Desktop, Laptop, and Tablet). <b>The bidders should have a combination or any of these three, on a Single Contract.</b></p>

Queries	Responses from TWG / BAC
<b>Lot 1: Pre-Registration Tablets</b>	
On platform, OS: Android 10, is this the minimum requirement?	Please refer to Bid Bulletin Number 1
Will the units be delivered all at the same time, or can it be delivered in partial?	As long as the bidders comply with the schedule indicated in Section VI, the TWG is amenable to whichever delivery mode the bidder will do.
Can we request for an extension in the delivery date e.g. 60-90 days? This is in consideration with the situation we have right now.	The procurement at hand is time critical. Thus, we cannot allow any extension.
This is relation to the request for extension in the delivery date, and in consideration to the provisions indicated under Security and Management, does PSA require that the tablets are google-certified? Does PSA require Google Play to be installed in the tablets? If yes, it will take some time for each tablets to be Google certified and thus, we may not meet the prescribed number of days for the delivery	<p>It was clarified that the rationale behind the provisions indicated in under “Security and Management” specifically on the “configuration over air” is that PSA can have the ability to inject push software in the tablets remotely. The bidder will just provide the tablets and PSA will configure the devices – as long as the tablets being provided met the minimum requirements as specified in the said provisions.</p> <p>The PSA will not require the Google Play to be installed to the tablets, however, it should be certified when installed. Taking into consideration that we are using Android as the operating OS; it should follow that the device is certified to get system updates as well as compatibility with the Android systems.</p>
We understand that the procurement is purely hardware. Can we submit, though, units with a SIM card? That is, not only will there be a slot for SIM, but also a SIM card for each tablet?	PSA is not requiring the bidders to provide a SIM card for the tablets.
<p>On “Nationwide Support”, is it required that the service centers be located nationwide?</p> <p>Is there a minimum number of services centers being required? Per region or per provinces?</p>	<p>Nationwide support means that authorized service centers should accept the tablets to be supported/repaired.</p> <p>The presence of service center per each region will suffice.</p> <p>No minimum number of service centers are required.</p> <p>Please refer to Bid Bulletin Number 1</p>
On the provisions for the “Display” (including the requirement for “Resolution”) for tablets, can the requirements/specifications be relaxed?	Please refer to Bid Bulletin Number 1
On “Chipset: 10nm process chip”, can this be relaxed to Manufacturer’s standard?	Please refer to Bid Bulletin Number 1
On CPU, is PSA particular with specifications under OCTA-Core, or can it be relaxed to OCTA-Core only (without the specific requirement on the Cortex)	Please refer to Bid Bulletin Number 1
On USB, does PSA really	Yes. We have met problems when the USB is

require Type-C connector?	not Type-C
<p>Can we be provided of the list of provincial locations where the tablets will be delivered?</p> <p>Are there be tablets that will be delivered within Metro Manila?</p> <p>If the delivery is within Metro Manila, we can meet the 45-days delivery requirement. However, if put into equation the delivery to provincial sites, us bidders will have some problems with that considering the local bans put into each province</p>	<p>Please refer to Bid Bulletin Number 1</p> <p>The requirement on the delivery stays. To reiterate, this procurement is time critical as this has a connection with the implementation and registration for the National ID.</p>
<p>On SLCC, does the similar contract for this Lot (Lot 1) requires the bidder to have contracts on the combination of “desktop, laptop, and tablets” or will any contracts on each suffice (e.g. desktop alone)</p>	<p>The bidders should have a combination or any of these three.</p> <p>Please refer to Bid Bulletin Number 1</p>
<p>Permanently set LGU Logo on Home Screen and Lock Screen</p>	<p>The vendor will set PSA logo.</p>
<p>Who will set install the LGU Logo upon delivery of the units?</p>	<p>LGU logo will not be installed on the device.</p>
<p>Can dynamically configure a large number of corporate-liable devices over the air - What particular settings/features need to be configured?</p>	<p>Full control of device from Device Manager.</p>
<p>Please help provide details of the requirement training for device security and management as follows. a. Location of the training b. Number of attendees</p>	<p>Training shall cover all expenses related to training including the venue, accommodation of participants, and other relevant documents/tools such as training plan, tools and materials, certification.</p> <p>a. Training venue would be within Metro Manila.</p> <p>b. Training must be provided to 10 participants.</p>
<p>Security and Management - As mentioned during the Prebid, this refers to a mobile management license, may we confirm if the required support for this is 1 year, same with the unit’s warranty?</p>	<p>Yes.</p>
<p>As discussed during prebid, the onsite warranty refers to availability of the service centers nationwide. Resellers don’t need to visit the provincial offices of PSA to support the unit, rather, PSA will visit the nearest Authorized Service center to their area instead. Kindly confirm this.</p>	<p>Please refer to Bid Bulletin Number 1.</p>
<p><b>Lot 2: Web-based SMS Service</b></p>	
<p>On item No. 13, “Able to send local and international SMS to 210 countries worldwide”</p>	<p>The bidder should have the capability to send to 210 countries worldwide. The charges of the SMS sent internationally will be charged on top of the monthly consumption.</p>

<p>Does it mean actual sending or will the capability to send suffice as compliant to the requirement?</p>	<p>Please refer to Bid Bulletin Number 1</p>
<p>On Item No. 2 "Must be able to send at least 6M messages"</p> <p>Can this provision be relaxed? As the word "at least" imply, the messages can go more than 6M and that would cause problem to the bidders.</p>	<p>Please refer to Bid Bulletin Number 1</p>
