

Prototype of Lanyard Strap and Handler Soft Grip for Tablet for 2020 CPH Pilot Census

Lanyard Strap and Handler Soft Grip for Tablet

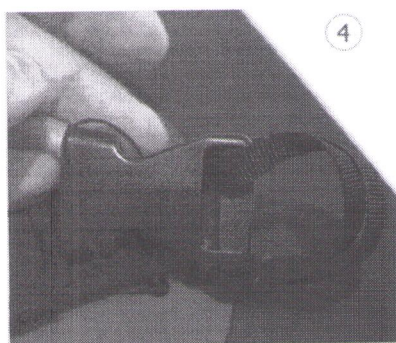

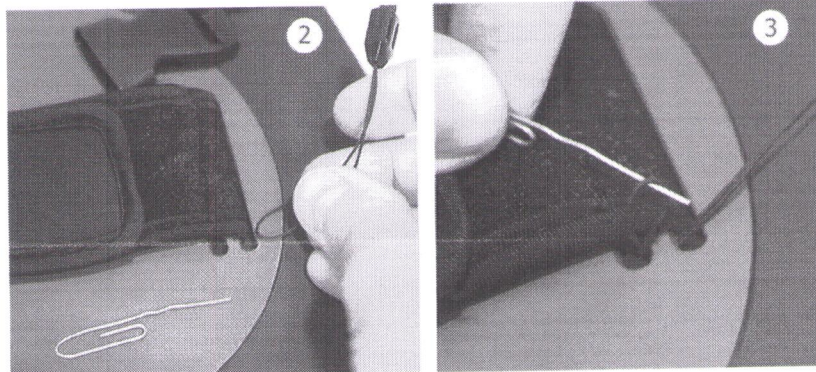

- A neck and shoulder strap that adjusts up to over 5 feet in length (65") from a minimum length of 40.5" with 2 quick release connectors for easy hands free movement and support of tablet.
- Attaches to almost any tablet or iPad hand holder for extra security from drops
- Allows the Tablet or iPad to hang by the side and not on the chest.
- 1" wide polyester strap is comfortable and won't hinder movement. Lays flat and secure.
- Thin, but strong cord loops fit through even small lanyard ports. Black in color.
